Call to Order

Neil Weinberger called the Zoom meeting to order at 7:15 pm.

Meeting Minutes

Taj Chiu made a motion to approve the board meeting minutes for March, April and May. The motion was seconded by James Sheehy. The motion was approved by all present.

Update from Area / National

The Area meeting did not have any answers from how we are going to proceed. Most of the other regions in the Area have opened their registration in the same way we have, with waitlists. Two of the regions in the Area are doing full paid registration.

National's only guidance is That they would like us to play if/when our local authorities allow us to play. They have provided guidelines for how we could play when we can.

At this time July 4 is the next milestone date for when we may enter Phase 4 in LA County.

Fall Registration

2019 registration is a straight line of registrations. So far we are at 657 waitlist registrations. Normally we would be around 1,000 players at this point.

If we keep going as we are, we would likely make it to 1,500 players by the time the regular season would start in September.

Uniforms/Equipment

We will need to place an order for sure for equipment and uniforms in July to have equipment and uniforms by mid-August.

We have decided that Taj will order equipment and balls and Ivonne will start the process of ordering uniforms now.

We discussed some of the other options for how we could have a season and accomplish it in a socially distanced way and what all our options are. We had a discussion about how we can be prepared for whatever season may come.

Meeting was adjourned by Neil Weinberger at 8:52 pm.
