## Call to Order

Neil Weinberger called the meeting to order at 7:16 pm.

Taj motioned to approve August and September minutes, and Shanti seconded. All in favor with none opposed. Minutes were approved.

## Skills & Drills

The 8 week Skills & Drills Program started on Saturday. 280 kids are registered with wait list referred to South Pasadena Region, which is running a similar program. Mimi noted a savings in shirts. Neil to write a thank you letter to vendor for shirts for accommodating the late request. Fields came in at \$200 instead of \$2,000 with all other costs remaining the same. Saturday was filled up for the entire day, so some fields were given back. Marco and Barry worked out a sublease for some nights, keeping one field in case a makeup day was required. A few expenses will be incurred for food and hand sanitizer. Trainers were a fixed cost. Donations amounted to \$1000 in scholarships, with 15 scholarships distributed. Kids and trainers needed some reminders about keeping 6 feet apart, while parents observed social distancing.

## General Update

Return to play has not advanced. The Skills & Drills Program runs until Thanksgiving. If things run well, Region 13 may consider repeating this 8 week program in January/February. Perhaps in spring there will be more possibilities for additional programs.

South Pasadena has a similar program to Region 13. Arcadia is using volunteer coaches instead of hiring trainers. Region 13 can prepare to use resources for a bigger opening in the Spring.

## Registration System

Registration will be different next year. InLeague is being considered for the sports league management registration system next year. Neil is forming a subcommittee to evaluate this system in order to migrate soon. Our system will be down November to January while National moves to a new system. There would be no registration system available during this time. Area P uses in-league and never used blue sombrero. Shanti says they are very responsive and there will be time savings on the coach side. Shanti wrote a specification for the system, and inLeague can design to this spec. One benefit is that volunteers can be connected to players that they did not register. InLeague charges a flat fee of approximately \$5 per player. They have migrated to Stripe for payment processing, so they do not charge an additional overhead fee for Stripe payments. Volunteer time taken up with registration can be redirected back to players with this new sports management platform. There are still some ASYO compatibility questions. Mimi would like to get in touch with the accounting volunteers from other Regions that use inLeague.

## Reminders

The entire Board needs to register in Blue Sombrero and take sudden cardiac arrest training. So far 7 Board members have completed the training.

Meeting adjourned at 7:56 pm.

Next Board Meeting is November 5, 2020.
